Dear [John,]Subject: Anguilla CAY

23

Please refer to our letter [CP/4625] of 12 June.

2. I believe we mentioned to you verbally at the time of the Anguilla CAY incident that the police had sent to S.L.O. [redacted] a microfilm of most of the documents recovered by them from RAY's party, including W.T. Codes. These were all later returned to the party, since the Magistrate ordered confiscation of firearms only.

3. I now attach a copy of the prints from the film relating to notes and messages, for your retention.

4. [redacted] have meanwhile passed those prints relating to codes to [redacted] who will be letting [redacted] know if they contain anything of interest. Copies of these points will also be made available by [redacted] to W.S.A.

Yours sincerely, 06
